

# Francine's Short Bio

Francine Dick is a Certified Financial Planner, born, raised and still living in Toronto. At the age of 40 she found herself a sole support, single mom with three kids. Personal change fueled a desire for professional change and she pursued a career in financial services. She has been helping clients find financial clarity and feel confident about their future for over 25 years.

Enjoy Your Latte arose from Francine's own personal experience and from her interaction with clients. She wanted to produce a non-judgemental approach to financial planning, helping people overcome their fear and inertia around money. She also wanted a book that would explain in easy-to-understand language ways to save, government pension programs, insurance, estate planning and more.

A compulsive volunteer, Francine was awarded the Canada 125 Medal and the Queen Elizabeth II Diamond Jubilee Medal for her community service. She loves hiking, finding nature very rejuvenating, and spending time with her children and their partners and her adorable grandson.
